

Building Materials Needed...

Dear Parents,

Now that we have finished our Hearing and Sound Unit in science we will be beginning our next unit, Building Things. During this unit we will be making many different projects. Beginning tomorrow, could you please try to save the following items:

paper rolls
kleenex boxes
shoe boxes
fruit baskets
styrofoam meat trays
straws

small boxes
plastic lids
milk cartons (washed out with soap)
spools
cans

Also, be on the lookout for pictures of: skyscrapers, bridges, towers (famous ones), playgrounds, vases etc.

Sending in any of these materials would be greatly appreciated. Help us keep stocked up by sending in these materials until the end November.

Thank you for your help,

Miss. Phillips
